WAGOLL:

**Sunshine on the grass,  
beautiful and wonderful  
sparkling auburn.**

**White and fluffy cloud  
dancing across the warm sky,  
delightfully calm.**

**Fluttering downwards,  
petals gliding from the sky,  
raining down on us.**

*Reading challenge:*

- What feelings do you get when you read these short poems? What part of the poem creates these feelings?
- Why might the author have used the word 'auburn' in the first WAGOLL rather than *red* or *orange*?
